THE MASSACHUSETTS WINE & CHEESE TRAIL

The Massachusetts Wine and Cheese Trail is here! From the vineyards perched above the dunes of Cape Cod to dairy farms in the rolling hills of the Berkshires, you can experience the scenic beauty Massachusetts has to offer; taste exquisite, hand-crafted wines and artisanal cheeses; visit dairy farms; and enjoy New England's finest hospitality – all while fueling your passion for learning about the craft of fine wine and cheese making.

Do all of this and more as you meander along the trail that crisscrosses each region of Massachusetts, including north, south, greater Boston, central and western Massachusetts, and Cape Cod and the Islands.

Turning grapes and fruits, such as cranberries, apples, peaches and pears, into fine wines, or fresh goats' and cows' milk into artisanal cheeses, each vineyard, winery, and cheese maker reflects its region's unique character, and welcomes your visit.

Where else can you find an award-winning sparkling wine, a true cranberry-blush wine, and internationally award-winning cheeses but here in Massachusetts? Use the map within this guide and the six regional lists of wineries and cheese markets to make your own Massachusetts Wine and Cheese trail!
